

HEALTH FACILITIES FOR STUDENTS, FACULTIES & STAFF

AT AGPIT, SOLAPUR

Introduction

A.G. Patil Institute of Technology (AGPIT), Solapur, is committed to ensuring the well-being of its students by providing comprehensive health facilities on campus. The institute prioritizes the physical and mental health of undergraduate engineering students by offering medical support, emergency care, and wellness programs.

1. On-Campus Medical Facilities

- **Health Center:** A well-equipped health center is available on campus to address minor ailments, first aid, and primary healthcare needs.
- **Qualified Medical Staff:** A visiting doctor provides medical consultation and assistance once a week during working hours.
- **First Aid Support:** All departments and laboratories are stocked with first aid kits to handle minor injuries and emergencies.

2. Emergency Medical Assistance

- **24/7 Emergency Transportation Service:** The institute has arrangements for emergency transportation to nearby hospitals in case of medical emergencies.
- **Tie-ups with Hospitals:** AGPIT has collaborations with reputed hospitals like **Dr. Rizwan's Apex Hospital**, in Solapur for specialized medical treatments and emergency care.

3. Hygiene and Sanitation

- **Clean Drinking Water:** RO-purified drinking water is provided across the campus.
- **Sanitized Washrooms:** Regular cleaning and maintenance ensure hygienic washroom facilities for students.

4. Health Insurance

- **Student Medical Insurance:** The institute provides medical insurance benefits to students for unforeseen health issues.

AGPIT, Solapur, ensures that its students have access to quality health care services within the campus, fostering a safe and healthy environment conducive to academic and personal growth. The institute continually enhances its health facilities to meet the evolving needs of students, reinforcing its commitment to student welfare.
