Vision: "Transmission of every Student's dream in to Realism”.

Mission: "To encourage students to meet Industry Challenges”.

Efforts: The Training and Placement cell functions under the supervision of a full time placement officer and operates all around the year to arrange campus interviews by the companies. It plays a very much crucial role in counseling and guiding the students for their...
successful placement. Training and Placement cell of our college functions with the main objective of shaping the engineering students to be readily deployable by industry like yours.

**Overview:**

We believe Todays Engineers are the tomorrow’s world Architect. Keeping this in mind Training & Placement Cell is always striving to transform our potential students to employable & innovative Engineers / Employees. In view of the above we are taking all efforts to bridge the gap between Institute & Industry. The Training & Placement Cell has a legacy of providing good quality of Training followed by placements to all of the students of all the branches. Our alumni are serving in almost all the sectors of Industry across the India, across the world.

The Training & Placement Cell is committed to provide all possible assistance to its graduates and postgraduates in their efforts to find employment. This commitment is demonstrated by the existence of a full-time Placement Officer in-charge. The benefits of this assistance are reflected in the preparation of AGPIT Students who are able to secure lucrative and esteemed position in recent years.

The Training & Placement Cell in the institute plays a pivotal role in counseling and guiding the students for their successful career placement which is a crucial interface between the stages of completion of academic program of the students and their entry into suitable employment.

The Training & Placement Cell service operates year around to facilitate contacts between companies & Graduates. Staff members are available to respond to student’s questions and concerns of all kinds. This may include advice on placement procedures; help to prepare application and resumes and mock Interviews.

The aim is to ensure that the students have the information and skills necessary for an effective job search those considering careers in education or its related fields are offered detailed career guidance @ the Training & Placement Cell.

Counseling is based on up to-date placement statistics and an envisioned view of future educational and industrial trends. Additionally the Training & Placement Cell assist the students to improve their communication Skills and Presentation Skills.

The Training & Placement Cell endeavors to provide excellent job opportunities to the students. It also inspires the students to become pioneers. The T&P Cell works on Aptitude test preparation, personality development and industry-institute interactions, Industrial Project, In-plant Training, Guidance for Public sector exam, Private sector, Guidance for studying abroad. Thus, the Recruiters have always found the charm of our students.

The objective of the Training and Placement cell is to facilitate the process of placement & ensure that each eligible student gets an opportunity to face an Interview. The endeavor of the Training and Placement cell is to ensure 100% placement assistance to all the students. The Cell is assisted by student placement coordinators who lead a team of placement representatives. The Training and Placement Cell ensures and takes care to provide the best arrangements and hospitality for the visiting companies’ officials.

**Goals and Objectives T&P Cell**

- To organize Campus Recruitment for final year students for all branches.
- Inviting various organizations for campus recruitment.
- To give sufficient practical exposures to create action plans and execute the solutions. Help the students to develop a passion to win and a global mindset.
Training the students to suit various needs of industry.
To produce the most competitive technocrats to fit in all scenarios. Providing Soft skills and Communication skills.

**Training Necessity:**

We have developed a well-organized and structured Training and Placement Cell that facilitates the students professionally for the future.

The Training and Placement Cell gives emphasis on:

- Summer Training & On-the-Job-Training.
  - Delivering Motivational Speech by Renowned experts.
  - Delivering Expert lectures on Body Language.
- Industrial Linkage.
- Personality Development.
  - Interpersonal & Communication skills.
  - Career planning.
- Programs on Latest Technology.
- Personal Grooming Program.
- Industrial visit compulsory for each student as well as submission of reports. Lectures by various Eminent Industrialists.

**Training Methodology:**

It is a well-recognized and acknowledged fact that there is a current pattern of education it emphasis on basics and the components required by the industry. To overcome the gap between education and industry training is required and to ensure that the students are able to secure employment and become responsible citizens, training activities are initiated to cater to the needs of students of different courses and streams.

- Class room lectures for conveying formal and theoretical knowledge. Expert lecture on Soft Skills by Professionals.
- Resume Preparation.
  - Conducting Mock Interviews.
  - Conducting Group-Discussion.
- On-job training.
  - Self-learning techniques like public speaking through extempore, group activities, presentations and icebreakers.
One to one counseling.

The training methodology so adopted creates step by step environment for all around development of skills and knowledge of the students.
